**At a Glance**

**Date / Location**
- Saturday, January 18, 2020 (06:00) – Sunday, January 19, 2020 (18:00).
- Mountains above the city of Honolulu (island of O'ahu, state of Hawai'i).

**Event Overview**
- 100 miles over 5 laps (partial out and backs) in a semi-tropical rain forest.
- 24,500 feet of cumulative elevation gain (and 24,500 feet of cumulative loss) over the course of 100 miles.
- 99% single-track trails, 1% asphalt.
- Moderately packed soil, generously interspersed with roots, rocks, puddles, and mud wallows.
- Narrow trails through forest, along exposed ridges, and past vertical embankments.
- 20 stream crossings (four per lap).
- Three aid stations per lap.
- 36-hour time limit.

**Legacy 20 Overview**

The *Legacy 20* is a onetime only event, being held to celebrate the 20th year of the HURT 100. This event is being held to honor those people who helped make the *HURT 100* what it is today.

The *Legacy 20* will consist of one 20-mile loop of the *HURT 100* course. It will start at 9:00 am, at the Hawaii Nature Center. *Legacy 20* runners will be on the course during the 2020 *HURT 100* and will have the opportunity to interact with all the 100 mile runners. It is a must do event for those who want to connect with runners you have run with in the past.

Entrants might be previous finishers, long time participants, early contributors, volunteers par excellence, or people who have become synonymous with the HURT spirit of Ohana. If you feel you’re one of these people, we want to hear from you.

Entry into the event will be based upon an essay that you must write explaining why you should be selected for the *Legacy 20*. Information on how to submit your essay will be available when registration
opens on May 1. No essays will be accepted prior to the May 1 opening of registration. Legacy 20 runners will be announced at the HURT 100 lottery on August 11th.

All rules in the Book of HURT pertaining to runners and crews also apply to Legacy 20 runners. Please make sure you read and understand this book. Note that Legacy 20 entrants are not permitted to have pacers.

HURT understands all the contributions and sacrifices you have made, and we would like to recognize you for all you have given to the HURT 100. Since slots are few, please send a compelling argument on why you should be part of this epic event as we check off the calendar at 20 years of the HURT 100.

**Important Dates – HURT 100**

- 07/20/2019 Start of registration period
- 07/20/2019 Begin to submit Trail Work form (new)
- 08/01/2019 End of registration period
- 08/11/2019 Lottery and HURT lottery party
- 08/14/2019 Entrants and wait list posted online
- 11/15/2019 Deadline to submit Trail Work form (new)
- 11/17/2019 Deadline for event withdrawal with refund
- 12/31/2019 End of wait list invitations
- 01/01/2020 Deadline for banquet ticket refunds
- 01/05/2020 Announcement of runner bib numbers
- 01/17/2020 Pre-race briefing
- 01/18/2020 Start of race
- 01/19/2020 End of race
- 01/20/2020 Post-race banquet

**Important Dates – Legacy 20**

- 05/01/2019 Start of Legacy 20 registration period
- 06/30/2019 End of Legacy 20 registration / deadline to submit essay
- 08/11/2019 Legacy 20 selections announced at HURT lottery party
- 08/14/2019 Legacy 20 entrants posted online
- 11/17/2019 Deadline for Legacy 20 withdrawal with refund
Sign-up – HURT 100

This event is open to participants who are at least 18 years of age. Registration will open on July 20, 2019 and will close at midnight (HST) on August 1, 2019. All interested runners must complete the race application and submit payment via credit card at UltraSignup.com. Upon submitting an application, the electronic acknowledgement of receipt provided by UltraSignup.com ensures the applicant's inclusion in the lottery; no further confirmation is needed or provided by UltraSignup.com or the race directorate.

After the lottery is conducted on August 11, 2019 and runners are chosen, the credit card will be charged. Upon successful processing of the transaction, an applicant is deemed an entrant in the event. If payment cannot be processed for any reason, the applicant has seven days to resolve the problem; after that period, the respective candidate is replaced by the first wait-listed runner and moved to the end of the wait list.

Trail Work Requirement

Entry to the HURT 100 requires eight hours of volunteer trail maintenance. Volunteering at an ultrarunning event, or pacing/crewing during an event, DOES NOT fulfill the trail work requirement. Trail work for the 2020 HURT 100 must be completed between March 1, 2019 and November 15, 2019. Full details of the requirement are on the Trail Work form, found on www.hurt100.com. Entrants not submitting verified trail work forms by the deadline will be removed from the event. Refunds for removed runners will be in keeping with the Refund section below. If a runner is removed for not completing the trail work requirement, a wait listed runner will be selected. The wait listed runner will have seven days to submit the Trail Work form.

All runners entered are encouraged to complete their trail work as soon as possible. If not selected for the lottery, you may potentially be selected off the wait list,

Trail work forms should be submitted to trailwork@hurt100.com

Sign-up – Legacy 20

Registration for the Legacy 20 will open on May 1, 2019 and will close at midnight (HST) on June 30, 2019. All Legacy runners must complete the race application and submit payment via credit card at
UltraSignup.com. The electronic acknowledgement of receipt provided by UltraSignup.com ensures the application has been received.

Runners applying to the Legacy 20 will be considered for that event only. They **may not** also apply to the HURT 100.

Legacy 20 applicants have until the June 30 deadline to submit an essay explaining why they should be selected for the Legacy 20. Essays must be 300-400 words in length. (Longer essays will be rejected.) All essay submissions should be emailed to Legacy20@hurt100.com

Selection for the Legacy 20 will be made based on evaluation of the essays by the HURT 100 race directorate. All decisions of the race directorate are final.

Selections will be announced following the HURT 100 lottery on August 11, 2019. Once selected, the entrant’s credit card will be charged. Upon successful processing of the transaction, an applicant is deemed an entrant in the Legacy 20 event. *If payment cannot be processed for any reason, the applicant has seven days to resolve the problem; after that period, the respective candidate is replaced by the first wait-listed runner and moved to the end of the wait list.*

**Entry Fee**

The entry fee for the HURT 100 (2020) is $300 (USD). The entry fee for the Legacy 20 is $100 (USD).

**Runner Selection – HURT 100**

Up to 17 runners will be granted guaranteed entry (assuming they have completed an application, submitted payment, and met the deadlines applicable to all runners):

- The first three finishers of each gender of the prior year’s HURT 100.
- Up to three entrants (regardless of gender) with no 100-mile race finishes.
- Up to three entrants (regardless of gender) with no prior HURT 100 starts.
- Up to three entrants (regardless of gender) selected at the discretion of the HURT 100 race directorate.
- Up to two randomly selected finishers of the 2019 Peacock Challenge 55.
• All remaining entrants, up to a total count of 125, will be chosen on August 11, 2019 via a weighted lottery. Additional entrants might be selected at the HURT lottery party on that date.

For the purpose of the lottery drawing, kukui nuts (i.e., points) will be awarded to each applicant based upon:

• Responses to questions posed on the electronic application form.
• HURT community service.
• Service to the ultrarunning community.
• Aloha spirit

Finally, negative kukui nuts will be assigned to applicants who exhibited unsportsmanlike conduct at prior HURT events.

Note that kukui nuts only affect (and usually increase) the odds of being selected because they act as weights in the lottery; they do not guarantee entry and do not allow any applicant to bypass the random drawing.

The list of entrants will be posted (and updated as needed, see Wait List) on UltraSignup.com when the selection process is complete. Based upon the number of applications received in prior years, this is expected to occur no later than August 13, 2019. Runner bib numbers will be posted on January 5, 2020.

Wait List

After the initial set of entrants has been selected, the random drawing from the pool of weighted applications will be continued in order to create a wait list of additional applicants, ranked by the order in which their names were drawn.

If an entry slot becomes available, the first runner on the wait list will be notified by e-mail from UltraSignup.com with an invitation to participate. The recipient of an invitation has three days to accept, in which case the credit card on file will be billed and the stored registration activated. If no reply is received, the invitation will be revoked, and the next available wait-listed runner will be notified by means of the described process. To ensure that invitations are received as intended, all registrants are asked to set their e-mail spam filters to accept correspondence from UltraSignup.com.

The wait list will be posted and updated on UltraSignup.com together with the list of entrants. No invitations to register will be issued to wait-listed applicants after December 31, 2019.
Withdrawal

Runners should immediately notify the Director of Race Admission of a decision to withdraw from the event.

Admitted runners who fail to show up on race day without notifying the Director of Race Admission will be banned from entering the HURT 100 for the next three years.

Transfers / Deferment

Accepted or wait-listed runners cannot transfer entries to other individuals. Entries and entry fees cannot be deferred or rolled over to a future year.

Cancellation of Event

This event is held on public land, under the management of the Department of Land and Natural Resources. As a result, the race directorate does not have the final say as to whether or not the event will be held, or the course altered. In the event of an emergency cancellation, no refunds will be given.

Refunds

HURT 100 runners are eligible for a refund of $150 if both of the following conditions are met on or before 11/17/2019: a notice of intent to withdraw from the event is sent to the Director of Race Admission and a wait-listed runner accepts the vacated spot. After 11/18/2019, entry fees will not be refunded for any reason and under any circumstances.

In addition, HURT 100 runners not submitting a verified trail work form by 11/15/2019 will be removed from the race, and the slot offered to a wait-listed runner. If a wait-listed runner accepts the spot, $150 will be refunded.

Legacy 20 runners are eligible for a refund of $50 if the same conditions are met on or before 11/17/2019: a notice of intent to withdraw from the event is sent to the Director of Race Admission and a wait-listed runner accepts the vacated spot. After 11/18/2019, entry fees will not be refunded for any reason and under any circumstances.

Refunds for post-race banquet tickets may be requested before January 1, 2020 by notifying the Race Manager.
Introduction

The H.U.R.T. Trail 100-Mile Endurance Run, referred to hereafter as the "HURT 100", is a very difficult event designed for the adventurous and well-prepared ultrarunner. It is conducted on trails within the jurisdiction of the State of Hawai'i Department of Land and Natural Resources (DLNR), Division of Forestry and Wildlife, Nā Ala Hele program. Nā Ala Hele has turned traces of pig trails through the rain forest into people-friendly, single-track paths. The event organizers are very grateful for the staff’s untiring year-round commitment to trail maintenance for all users and help in preparing for this annual event.

A detailed description of the course can be found at the end of this document.

Climate

Temperature

- Average Maximum for Honolulu in January – 80.0° Fahrenheit
- Average Minimum for Honolulu in January – 65.8° Fahrenheit
- Extreme Daily High for Honolulu in January – 88.0° Fahrenheit
- Extreme Daily Low for Honolulu in January – 52.0° Fahrenheit

Precipitation

- Monthly Mean for Honolulu in January – 3.34 inches
- One-Day Maximum for Honolulu in January – 6.40 inches

These measurements were gathered from a weather station at the Honolulu airport (HNL), and do not apply with precision to the rain forest. Participants should expect lower daytime highs and nighttime lows, especially on the exposed sections of Mānoa Cliff and Nu'uanu ridge. Precipitation is higher in the rain forest than in the urban areas of Honolulu and can fall in huge quantities over a brief span of time. Regardless of rain, high relative humidity should be expected.
**Illumination**

All times are expressed in 24-hour format, pertain to race weekend, and are listed in order of occurrence; dusk and dawn refer to “civil twilight” (sun six degrees below horizon). Times listed are for January 18, 2020.

- Dawn – 06:47
- Sunrise – 07:11
- Moonrise – 01:35 (moon phase: waning, ~37% illuminated)
- Sunset – 18:12
- Dusk – 18:35
- Moonset – 13:20

The dense canopy covering much of the course leads to effectively shorter daylight hours. The moon will not provide much illumination for this year’s race. Participants should anticipate needing artificial light for longer than indicated by the times listed above.

**Altitude / Elevation Change**

Over the 100-mile course, the elevation ranges from 300 to 1900 feet. The total cumulative elevation gain is roughly 24,500 feet. For the technically inclined, the GPS sampling interval for this calculation was about 100 meters.

**Terrain**

The HURT 100 course consists almost exclusively of technical, single-track trail on surfaces that include roots, rocks, and soil in a wide range of conditions, from sun-baked clay to mud of varying depth. Sudden hairpin turns and steep inclines of up to approximately two miles in length are a common occurrence. Very few sections of the course can be run with a consistent stride for more than several hundred yards at a time.

There is total of twenty stream crossings. Mānoa Stream and Nu’uanu Stream are each crossed twice per lap at locations close to the Paradise Park and Nu’uanu Aid Stations, respectively.
Fauna

Wild pigs roam the trails and are most active at sunrise and sunset. Although they tend to avoid humans, they are temperamental and have dangerous tusks. When encountering a pig, especially a sow with piglets, trail users should avoid sudden or aggressive movements.

Mosquitoes can be present in the moister areas of the course alongside stream crossings and at some aid stations, especially when there is little air movement. Participants may want to pack appropriate clothing and / or repellant.

Bacteria (including leptospirosis) are prevalent in freshwater streams and ponds found in Hawai'i. Drinking stream water without proper treatment is not recommended. Bacteria can also enter through broken skin.

Race Logistics

Course Markings

Please see Course Description for details on course marking.

Aid Stations

There are three aid stations spaced from 5.2 to 7.4 miles apart: Hawai'i Nature Center (hereafter "Nature Center"), Paradise Park, and Nu'uanu. All aid stations will be stocked with bottled water, an electrolyte drink, and carbonated beverages. Hot and cold food will be available, with vegetarian options in each category. Food items will include the traditional fare that is provided at most 100-mile runs, as well as a local variation of the standard theme. Runners will be responsible for their own gels, energy bars, electrolyte supplements, medications (e.g., anti-inflammatory products), personal hygiene products (e.g., sunscreen, lip balm), and typical first-aid items (e.g., bandages, blister treatment). Those with strict dietary requirements or special medical conditions are advised to pack needed items in personal drop bags.

NEW: Beginning in 2020, the HURT 100 will be a cupless race. (Exceptions for hot beverages and for volunteers.)
Drop Bags

Runners may have personal supplies at any of the three aid stations. Each aid station will be visited five times, so attention to resource planning is important. Due to space limitations and to facilitate handling, the size of drop bags is limited, as detailed in Rules.

Toward the end of the event, as aid stations close, race personnel will transfer drop bags from the peripheral aid stations (Paradise Park, Nu‘uanu) back to the Nature Center (Start / Finish). Bags of runners who dropped out may be transferred back earlier. Participants are responsible for gathering their drop bags following the event by 18:15 on Sunday, January 20. Any items not collected by then will be donated, recycled, or discarded.

Pacers / Crews

The HURT 100 is a competitive race for some, a running event for others, but an independent challenge and personal test of fortitude for all. A pacer is a safety companion during the latter part of the event only, not a way to gain advantage over fellow runners. A similar sentiment applies to crews, which are also considered nonessential as ample and regular support is provided by aid-station personnel. Runners need to be able to carry necessary supplies and maintain forward progress independently, from start to finish. Note: The ultrarunning community in Hawai‘i is relatively small, and pacers may be hard to find locally. Runners are responsible for the conduct of their pacers, regardless of how the latter are acquired.

Awards

Awards (belt buckles) for all 100-mile finishers will be given immediately at the time of race completion. Legacy 20 finishers will also be receiving belt buckles when they complete their event.

Four to five selected finishers will be awarded a custom-made / custom-fitted HURT belt to complement their new buckle. Recipients will be announced at the HURT banquet. (Belts for other HURT finishers are available for purchase from California Bohemian Leather.)

The first three finishers of each gender will receive event-specific trophies at a ceremony during the Post-Race Banquet. Runners unable to attend the banquet should note that awards will not be mailed and must be collected locally.

The Aleca and Tonto Award, sponsored by Monica Scholz and Philip McColl: A prize of $250.00 will be awarded to the fastest male and female finisher in their first 100-mile event.
A prize of $500.00 will be given for any new course record established in the HURT 100. The current records are 19:35 (male) and 24:06 (female).

Parking

**Nature Center:** Parking at the Nature Center (Start / Finish) and environs is limited; carpooling and arranging rides are recommended. Participants who wish to park at the Nature Center must do so along Makiki Heights Drive. The DLNR has advised race planners that only necessary traffic will be allowed to pass through the front gate after hours (typically sunset to sunrise), as the park needs to be secured. On race day, a parking attendant will direct drivers prior to the start. Note: There are several private homes along the roadway leading to the Nature Center. Travel and noise (e.g., conversations, closing of car doors and trunks) should be kept to the absolute minimum, especially during nighttime and early morning hours.

**Paradise Park:** The Paradise Park grounds, including the parking lot, are private property. A $5 parking fee (subject to change) applies per day. Free street parking is available around the end of Mānoa Road, 5 – 10 minutes by foot from the aid station. *NEW: Due to traffic and parking congestion on the first loop, no crews are permitted at this aid station until after 11:00 AM on Saturday.*

**Nu'uanu:** There is no parking lot at the Nu'uanu Aid Station. Nu'uanu Pali Drive is a narrow road adjacent to the aid station that offers extremely limited parking and is poorly lit at night. Visitors are asked to park at least 100 yards from the trailhead, so as not to interfere with access to the aid station. *NEW: Due to traffic and parking congestion on the first loop, no crews are permitted at this aid station until after 11:00 AM on Saturday.*

All Locations: Trailheads are notorious for vehicle break-ins. Participants are strongly encouraged to avoid leaving valuables in their cars. Note that vehicles must have all four wheels off the road (asphalt surface) to avoid ticketing or towing by the police.

Race Photography

Race Management does not contract professional photographers for this event but will attempt, on a best-effort basis, to obtain volunteer support for this task from the local community. When available, a race photographer will be named. The best places to see a runner and capture photographs are near aid stations. Those who venture onto the course are asked to exercise caution and respect the environment.
Many spectators who take pictures share them through the HURT 100 website (contact the webmaster through the link provided on the site to have photos posted).

Lodging

For assistance with lodging, participants may contact the Hawai‘i Visitors and Convention Bureau - Hawai‘i Tourism Authority.

Safety / Medical Concerns

Participants have voluntarily entered an event which requires a significant amount of mental and physical preparation. In addition, the race involves inherent risks ranging from the known (e.g., terrain, 100-mile course) to the unknown (e.g., “acts of God”). Runners and pacers should ensure adequate medical coverage in the event of mishap during this event.

Medical Personnel

Although event personnel will make all efforts to provide aid within their capabilities, medical staff will not be available to take care of participants. Each aid station is located within a 5-mile radius of a major medical center.

Cell Phone Coverage

Cell phone service is available on parts of the course but can range erratically from adequate coverage to none at all. Quality and reception will also vary among cellular phone carriers. Carrying a whistle is recommended for both runners and pacers.

Accidents

If a runner gets hurt on the trail, he or she should stay put, keep warm, and remember that this is a multiple-lap, out and back course. Other runners or the HURT Patrol will direct event personnel to the incident location or assist in another manner. Similarly, if a runner gets lost, he or she should stay on the trail and wait. Wandering aimlessly, especially at night, reduces the chance of being found.

Dehydration

One of the most common medical problems for endurance athletes is dehydration. This is especially relevant for the HURT 100 as conditions on the course can be hot and humid. Each runner is solely
responsible for monitoring his / her hydration level; race officials will not be weighing participants. Runners should leave each aid station with a minimum of 32 ounces of water, with 64 ounces being highly recommended.

**Hypothermia**

Hypothermia may pose a threat at night, especially if it has rained, as temperatures can drop below 60 degrees Fahrenheit. Sections of the course along ridges and cliffs, including Mānoa Cliff Trail and Nu'uanu Trail, are extremely exposed and can be very windy and wet.

**Road Crossings**

On each lap, runners have to make two road crossings. One of them involves following a narrow road for approximately 100 yards. Runners must use extreme caution when running across or along roadways. Crossing roads safely is solely the responsibility of the runner.

**Terrain**

Participants will be running on technical trails where footing is adequate at best. If it rains (which is common), there can be an abundance of mud. Attention to the terrain underfoot and directly ahead is critical in this event. Some trails are located adjacent to cliffs with extreme drop-offs.

Of the two stream crossings, one is short and non-technical, involving wood planks not far from the Paradise Park Aid Station. The other is technical, and requires runners to cross Nu'uanu Stream on scattered and slippery rocks, near the Nu'uanu Aid Station. Runners may get wet feet when crossing this stream. If the water level is high, the course may be rerouted. Runners will be notified of any course changes at the Pre-Race Briefing.

**Lighting**

As no part of the course (except for the aid stations) is lit, and very little moonlight penetrates the forest canopy, race participants will need artificial light at night. Runners (and pacers) are reminded that daylight hours are shorter in the forest than in the open. Participants should carry backup batteries and lights, and keep extras in drop bags. *Aid stations are not stocked with batteries for runners to use.*
Hiking Poles

Poles are permitted on the course. For safety reasons, those with poles should yield the trail to other runners.

Headphones

Use of any device that impairs the senses is discouraged for safety reasons. Runners wearing headphones are asked to remove them when near aid stations to facilitate communication with event personnel.

Noise

Use of bells and other devices emitting sound is discouraged out of respect for other trail users seeking a wilderness experience.
I. Introduction

HURT 100 Rules are designed with the following goals in mind:

A. The safety, enjoyment, and well-being of everyone involved in the race, including runners, pacers, crews, volunteers, neighbors, race personnel, spectators, and others using the trails (“the public”).

B. The staging of a fair and sportsmanlike event that is solely based upon individual effort.

II. All Participants

A. Courteous behavior and sportsmanlike conduct are expected at all times.

B. Sharing the trail: HURT 100 participants do not have exclusive use of the trails. These paths are well used by the public. Caution should be exercised when approaching casual hikers (and their pets). Runners should warn others of their approach and, when in doubt, yield.

C. HURT 100 participants do not have exclusive use of public toilets or drinking fountains at the Nature Center. These should be used with care, keeping in mind that they are shared with hikers and the public.

D. Mālama ʻāina (care for the land).
   1. The rain forest is fragile and subject to damage simply by being trod upon. Runners and pacers are expected to stay on the trail at all times.
   2. Littering on the course is grounds for immediate disqualification. Littering is contrary to land use ethics and affects HURT’s ability to hold future events. Note: Dropping waste (including aid-station cups) twenty yards, or more, from any aid station is considered littering.
3. The *HURT 100* course lies within watershed areas that supply a significant amount of potable water for residents of O'ahu. Participants should use the restrooms available at the Nature Center (Start / Finish), and the portable toilets at Paradise Park and Nu'uanu.

E. Muling is not permitted. Runner must carry all his or her supplies between aid stations, at all times.

F. Runner’s lighting system is to be used for personal illumination of the trail only. Pacer may not deploy lighting systems to illuminate the trail for Runner except temporarily in case of an emergency.

G. Short-roping of Runner, by tether or connected body parts, is not permitted. Runner must complete the course under his or her own power without being pulled, pushed, balanced, towed, carried, supported, or physically guided over the course.

H. Stashing of supplies is not permitted *at any time or place* on the course. This includes leaving water bottles on out and back sections of the course, even during the event itself (a form of littering).

I. Aid from Crew or Pacer may ONLY be given at official aid stations.

J. Crew and Pacer may not retrieve bottles from Runner for filling *until within the confines of the aid station*.

K. Aid-station resources and supplies are intended for runners and pacers. In the unlikely event of a shortage, runners have priority.

L. Smoking is not permitted on the trail or at aid stations. Smoking is strongly discouraged at any location where runners, pacers, crews, and race personnel congregate.

M. Consumption of alcoholic beverages and illegal substances on any part of the course is prohibited.

N. Dogs are not allowed anywhere on the course, and their presence is discouraged around aid stations for safety and sanitary reasons. Dogs brought to the event must be under control and leashed at all times.

O. All participants must obey City and County of Honolulu regulations, with special attention to those that involve parking and driving.

### III. Runners

**A. Runner is responsible for knowing ALL rules and procedures.**

**B.** Runner is responsible for the actions of his / her Pacer(s) and Crew. Any rule transgression by Runner or associated Pacer and Crew can be grounds for either immediate or post-run disqualification.
C. Legacy 20 Runners are not permitted to have Pacers.
D. Runner must pick up run number and bag on Friday at the Mandatory Runner Registration.
E. Runner must check in on race morning prior to starting the race in order to be an official participant.
F. **Drop Bags**
   1. Runner’s collection of personal supplies at any one aid station must not exceed the following dimensions: 18” high, 18” wide, and 24” long.
   2. Drop bags are to be brought to the event start (Nature Center) on Saturday morning at 04:45.
   3. In order to be accepted, bags must be clearly marked with three items on a waterproof label.
      - Location: Paradise Park, Nu’uanu, or Nature Center (i.e., Start / Finish)
      - Runner name
      - Runner bib number

G. While accepting supplies on rare occasions from another runner is tolerated, multiple such instances may be interpreted as muling.
H. **No course cutting.** Runner must follow the marked course at all times. If Runner departs from the official course, Runner must return to the point of departure on foot before continuing onward.
I. Artificial systems devised to cool Runner (cooling vests or similar), are not allowed to be used or worn while forward progress is being made.
J. If Runner undergoes an infusion of intramuscular / intravenous / subcutaneous fluids of any type (except for prescription medication) during the race, immediate disqualification will occur.
K. Race officials reserve the right to remove runners from the course who are deemed incapable of continuing safely.
L. **Runner must check in at every aid station** for reasons of safety and timekeeping / tracking. It is every runner’s responsibility to make sure their time is logged in at each aid station.
M. **NEW:** Runner exceeding one hour in an aid station must report it to the timer.
N. Runners dropping out during the event must inform a race official. If Runner retires without doing so and fails to show up at the next aid station, officials may notify Honolulu Fire Department Search and Rescue (SAR) specialists. Runner may be held responsible for the cost of a frivolous SAR operation.
O. **Cut-off times** will be strictly enforced. Runner must not continue after exceeding a cut-off time. Race staff will make every attempt to shuttle Runner back to the Start / Finish (Nature Center) if this occurs. Note: The official race time clock is managed by race timers and corresponds to satellite time.
P. **NEW:** The short boardwalk at Pauoa Flats (Roots) is not to be used by the Runner on any loop, and this area will be marked with blue tape.

### IV. Pacers

A. *Pacer must review and be familiar with ALL rules and procedures.*
B. Legacy 20 Runners are not permitted to have pacers.
C. Pacer may start accompanying Runner after 60 miles or beginning at 17:00 on Saturday, whichever comes first.
D. Pacer must start pacing duty at one of the three aid stations.
E. Pacer will not be assigned a bib number and will not be tracked.
F. Only one pacer is allowed to accompany a runner at a time.
G. Pacer may only receive aid at the three official aid stations.
H. Pacer may assist Runner in the aid station but may not enter the checkpoint ahead of Runner or depart after Runner for this purpose.
I. If Pacer falls out of visual distance from Runner for longer than dictated by the course, Runner may continue on without Pacer, but Pacer must exit the course at the next aid station.
J. Race officials reserve the right to remove pacers from the course who are deemed incapable of continuing safely.

### V. Crews

A. *Crew must review and be familiar with ALL rules and procedures.*
B. Crew members may not consume supplies provided at aid stations, including food.
C. Crew may only park in authorized areas.
D. Crew may only support Runner and Pacer within 100 yards of an aid station, and not on the course.
E. **NEW:** On Saturday, crews are not allowed at either the Paradise Park or Nu’uanu Aid Stations before 11:00, to avoid crowding.
Event Personnel

Race Directorate

Executive Director                          John Salmonson
Executive Director                          PJ Salmonson

Role Definitions
HURT Patrol
Patrols will be on the course to monitor progress of runners, assist during emergency situations, assess course conditions, refresh course markings, and prevent / report rules violations. Members of the HURT Patrol serve as extensions of the race directorate. As such, they are authorized to warn runners, pacers, and crews of any violations and advise them to correct transgressions.

Aid Station Captain
Aid Station Captains plan and organize aid stations, as well as supervise their setup and disassembly. During the event, they direct volunteers and oversee operations related to runner support and safety. Aid Station Captains serve as an extension of the race directorate. As such, they are authorized to warn runners, pacers, and crews of any violations and advise them to correct transgressions.
**Event Schedule**

Note: There is no pre-race meal.

Mandatory Runner Registration: Runners are to pick up bib numbers and bags. Parking in the lot at the Nature Center is limited; participants are advised to carpool and / or arrive early. Runners should not bring drop bags to any of the events scheduled for Friday (they will be collected on Saturday morning).

Mandatory Pre-Race Briefing: Distribution of information including logistics / course updates, safety, and other topics, in addition to an optional question and answer session. The briefing will be held in a small pavilion, adjacent to a lawn used as an overflow area. Participants may wish to bring sun protection, fluids, insect repellant, and a folding chair or beach towel for comfort.

Mandatory Runner Check-in: Runners need to check in prior to entering the race in order to be officially recognized. Times will only be kept for official runners.

Drop Bag Collection: The official and only occasion that drop bags are collected for distribution to the Paradise Park and Nu'uanu aid stations.

Post-Race Banquet: No-host, buffet-style dinner with awards ceremony, and ample opportunity for mingling. Tickets can be purchased online when registering for the race. Early purchase is strongly recommended as tickets have sold out in previous years. Food includes vegetarian options, and drinks are available through a no-host bar. Attire is best described as sporty casual.
Runners are allotted 36 hours to finish the 100-mile event, from 06:00 on Saturday, January 18 to 18:00 on Sunday, January 19. Cut-off times pertain to the fifth lap (Miles 80-100). Runners must check out of each aid station by the time listed in the chart below or drop out of the race. Checked-out runners returning to aid stations after the listed times must exit the race or face disqualification. In general, aid stations close fifteen minutes after the cut-off times.

The HURT 100 course consists of five identical 20-mile laps on trails connecting the Mānoa, Makiki, and Nu'uanu Valleys. A leg of this lap is defined as the connection between any two aid stations.

The route is marked with surveyor's tape in three different colors (white, lime green, and orange), one for each of the three legs. On out and back sections of the course, runners will encounter ribbons in two different colors. Blue tape indicates shortcuts and trails that are not part of the course. At night, glow sticks may be placed at critical turns.

A brief description of the ordered sequence of trails that make up the HURT 100 course is given in the following table; prominent natural or man-made landmarks are mentioned too.

At any time, the course may be altered at the race directorate's discretion.

Course Map

An overview of the HURT 100 course can be found on the following pages, where the outline of the three legs of the course as well as relevant landmarks are shown overlaid on the Nā Ala Hele trail map. A more accurate rendering of the course based on GPS data can be accessed online through Google Maps as well as in the form of a KMZ file to be opened with Google Earth.

Runners should print the course map and carry it during the event. Course maps are not provided.

The elevation profile for one lap of the HURT 100 course is shown below

Leg 1: Nature Center to Paradise Park

Leg 2: Paradise Park to Nu‘uanu

Leg 3: Nu‘uanu to Nature Center
